

## 20 March 2018

### New Views of the Moon 2 meeting at LPSC 49

Steering Committee:

Clive Neal, Lisa Gaddis, Brad Jolliff, Sam Lawrence, Chip Shearer, Steve Mackwell.

#### **NEW DEADLINES:**

**31 May 2018:** Chapters completed and delivered to the steering committee – this means the first draft is finished and has been to all members of the chapter writing team for comments/edits, these have been received and incorporated, and the chapter is ready for external review. Please suggest reviewers!

**June, July, August 2018:** All chapters out for external review.

**31 August 2018:** Chapters back from external review.

**31 December 2018:** Chapters revised and finalized.

**January, February, March 2019:** Steering Committee final read through and minor adjustments made.

**April-May 2019:** Deliver to MSA

#### **Action Items for Chapter Leads:**

- Suggest common figures that could be included as plates in the final product – these will also have high-resolution digital versions in the NVM-2 e-repository (to be housed in the PDS node at USGS Flagstaff);
- Suggest large datasets/figures that should be in the NVM-2 e-repository.
- A Google Doc has been set up for suggestions to the e-repository – Dave Blewett and Makiko Ohtake are leading the e-repository development and candidate datasets are listed on the Google Doc:

- Make sure all references for your chapters are in the correct format as these will be merged into one bibliography at the end of the book  
([https://www3.nd.edu/~cneal/NVM-2/RIM-G\\_Rev\\_Guide.pdf](https://www3.nd.edu/~cneal/NVM-2/RIM-G_Rev_Guide.pdf))
- Please include a small section on the future and what's next for each chapter – this will be extracted for the Executive Summary of the project.
- Dean Eppler will look at Chapter 7 of NVM-1 and do something similar.
- Title suggestions for the NVM-2 final book can be sent to the Steering Committee.
