Preliminaries

- Once again, make sure your MAYA_APP_DIR environment variable is correctly set on the computer you are using before you start up Maya.
- Create a hw2 folder under your course directory dropbox

Work

- Do Lessons 3 and 4 from the “Maya Basics” of the GSWM tutorials.

Deliverable

Submit the following two files to your dropbox, under the hw2 directory:

- Lesson3Columns.mb
- Lesson4Final.mb

Due Date

- Wednesday 1/20/16, 10 pm
