Preliminaries

- Create a `hw4` folder under your course directory dropbox

Work

This homework will give you more insights on lighting and on rendering techniques.

From “Rendering” chapter of the GSWM tutorials (recall that you already did lessons 1, 2, 3 from this chapter in hw3):

- Do lesson 4 on Global Illumination.
- Do lesson 5 on Caustics.

Deliverable

- For each of the two lessons (4 and 5), submit both: the scene as well as the final image (`.iff`) to your dropbox, under the `hw4` directory.

Due Date

- Monday 1/25/16, 10 pm
