Preliminaries

- Create a hw9 folder under your course directory dropbox.

Work

This homework will introduce you to more advanced features of animation in maya, including path animation and inverse kinematics (IK).

From the “Animation” chapter of the GSWM tutorials:
- Do lesson 3. Name the scene plane.mb
- Do lesson 4. Name the scene mech_arm.mb

Deliverable

- Submit the files to your dropbox, under the hw9 directory.

Due Date

- Friday 2/17/17, 10 pm
