

**Learning Resource Center (LRC)  
Programs for Mathematics Courses  
Fall 2011**

The Learning Resource Center in the First Year of Studies provides Mathematics assistance to all interested first year students free of charge. LRC programs include group tutoring, collaborative learning, and help sessions to assist students with their proficiency in Mathematics. Interested students are asked to inquire at the LRC office (228 Coleman Morse, [flrc@nd.edu](mailto:flrc@nd.edu)) for more information. **All times are PM.**

**Tutoring:** The purpose of the tutoring program is to enable first year students to receive assistance from reliable and knowledgeable upper-class level students. The tutors provide instruction in specific content areas in which they have a level of expertise. Tutoring sessions are restricted to small groups of students for enhanced learning and are offered in Math 10250, 10260, 10350, 10360, 10550, and 10560. The sessions meet once weekly for two hours and will begin the first week of classes.

**Collaborative Learning:** Small groups of students are clustered by course and section, and work on math homework in an interactive group. In this way, all the students gain valuable ideas from others. Leaders, upper class students who have successfully completed the course, are available to facilitate problem solving and collaboration among group members, and to help when no one in the group can answer a question. Each group meets beginning the first week of class.

Math 10120	Thurs	8:30 – 10:30	Math 10350	Tues	4:00 – 6:00
Math 10130	Mon	8:30 - 10:30	Math 10360	Thurs	4:00 – 6:00
Math 10250	Mon	8:30 - 10:30	Math 10450	Mon	8:30 – 10:30
Math 10250	Tues	6:15 – 8:15	Math 10550	Tues	8:30 – 10:30
Math 10260	Tues	6:15 – 8:15	Math 10560	Tues	8:30 – 10:30
Math 10260	Wed	6:15 – 8:15	Math 10850	Wed	8:30 – 10:30
Math 10350	Sun	4:00 – 6:00	Math 20550	Wed	8:30 – 10:30
			Math 20580	Tues	4:00 – 6:00

**Help Session:** The Help Session does not require regular attendance. Its drop-in, question-and-answer format is great for answering questions that come up during the week. It is held every week and will begin August 28th, with the following schedule:

All Calculus	Mon	3:00- 5:00	Como 228
Math 10250	Sun	4:00 – 6:00	Como 231
Math 10350	Sun	8:30 – 10:30	Como 231
Math 10550	Sun	8:30 – 10:30	Como 230

**Attendance Policy:** Enrolled students are expected to attend tutoring or collaborative learning sessions regularly. If unable to attend a session, call the LRC at 574-631-5294 in order to obtain an excused absence. Three unexcused absences will result in dismissal and readmission cannot be guaranteed.

**Sign-up Instructions:** To sign up, please visit the LRC window in 228 Coleman-Morse, or send an email to [flrc@nd.edu](mailto:flrc@nd.edu).
