

**[BC]<sup>2</sup> 2015 Workshop WS2 on:**  
**Challenges and approaches in comprehensive and informative  
complex network analysis for precision medicine**

**Tentative schedule (as of 4/27/2015)**

**Meeting date and time:**

June 9, 2015, 2pm - 5:45pm

**Meeting location:**

TBA

<b>Time</b>	<b>Event</b>	
2-2:45pm	Alfonso Valencia (Spanish National Cancer Research Centre)	“Reconstruction of the mESC Epigenetic Network”
2:50-3:35pm	Teresa Przytycka (US National Institutes of Health)	“Linking genotypic features to dysregulated networks”
3:35-4:05	Coffee break	
4:05-4:50pm	Jan Baumbach (University of Southern Denmark)	“De-novo network enrichment with multiple OMICS data types”
4:55-5:40pm	Ulrich Stelzl (Max Planck Institute for Molecular Genetic)	“Coordination of post-translational modifications in human protein interaction networks”
