

Quivers and Bipartite Graphs: Physics and Mathematics

Monday, May 2, 2016 - Friday, May 6, 2016 - at ND London Gateway

5/5/2016

1 Susama Agarwala	University of Hamburg
2 Dylan Allegretti	Yale University
3 Charlie Beil	University of Bristol
4 Ilke Canakci	Durham University
5 Mandy Cheung	University of California - San Diego
6 Alastair Crow	University of Bath
7 Stefano Cremonesi	King's College London
8 Michele del Zotto	Harvard University
9 Idan Eisner	Technion - Israel Institute of Technology
10 Anna Felikson	Durham University
11 Chris Fraser	University of Michigan
12 Alex Garver	University of Minnesota
13 Misha Gekhtman	University of Notre Dame
14 Amihay Hanany	Imperial College
15 Joe Hayling	Queen Mary University of London
16 Yang-Hui He	City University, London
17 James Judd	King's College London
18 Alastair King	University of Bath
19 Seung-Joo Lee	Virginia Tech
20 Remi Lodh	Springer
21 Rodolfo Panerai	Queen Mary University of London
22 Matthew Pressland	MPIM Bonn
23 Malte Probst	University of Heidelberg
24 Sanjaye Ramgoolam	Queen Mary University of London
25 James Read	University of Oxford
26 Konnie Rietsch	King's College London
27 Dylan Rupel	University of Notre Dame
28 Ralf Schiffler	University of Connecticut
29 Misha Shapiro	Michigan State University
30 Salvatore Stella	INdAM - University of Rome "La Sapienza"
31 Pavel Tumarkin	Durham University
32 Alek Vainshtein	University of Haifa
33 Hannah Vogel	University of Graz
34 Harold Williams	University of Texas - Austin
35 Jon Wilson	Durham University
