SSLP Site Directory by State

East Lake United Methodist Church and P.E.E.R., Inc. are located in the South East Lake neighborhood. South East Lake is a diverse, low-income neighborhood in the eastern area of Birmingham, Alabama. The community boasts of an arts group, a great nature center, and an active neighborhood association.

East Lake United Methodist Church has been a thriving congregation in South East Lake for the last 125 years. East Lake UMC is actively serving and helping to build a diverse community through our love of God and neighbor. Our motto, “in the neighborhood for good,” is evident in our work feeding hot nutritious meals to young children, educating school aged children in leadership and basic academics, providing beautiful music through community choir and organ concerts, providing a meeting place for neighbors to get to talk and eat together at our diner, and serving as host to a wide variety of community groups, among many other things. The church will serve as the main supervisor, however, the student will have the opportunity to work with the church and non-profit on collaborative community efforts.

P.E.E.R., Inc. is a 501c3 connected to the church that aims to empower its community for healthy living, learning, and working. P.E.E.R. does this by connecting people to existing resources and creating new resources to meet needs in the areas of community health, economic development, and education. P.E.E.R. aims to enrich the lives of those with limited resources and place special emphasis on children and seniors. The non-profit was established in 2005 in response to limited access to fresh food and other resources for healthy living in South East Lake. The organization has grown steadily and now administers a variety of programs promoting healthy food access, health education, preventive health screenings, and opportunities for practicing healthy behaviors.

MISSION STATEMENT:  
Little Sisters of the Poor

As Little Sisters of the Poor, we care for the elderly poor in the spirit of humble service which we have received from St. Jeanne Jugan. We welcome the Elderly as we would Jesus Christ himself and serve them with love and respect until death.

Sacred Heart Residence is a Catholic home for the aged, serving the neediest elderly of every race and religion. It is located in the heart of a residential area in Midtown Mobile and has been operating at the same site since 1901.

DATES:
6/6/16-7/29/16, 6/13/16-8/5/16, 6/20/16-8/12/16 (may need to start on a Tuesday)

SPECIAL EXPECTATIONS:  
We will provide training on general safety, safe environment, abuse prevention, and meeting the special needs of the elderly, as well as on the spirit and mission of the Little Sisters of the Poor. The housing accommodations require two young ladies to share a bedroom with a private bath area. All linens, towels, and basic toiletries will be provided. The room is situated in close proximity to the chapel. All meals are included and laundry facilities are available. The Home is within walking distance of a grocery store, Domino's Pizza, Starbuck's, and Dollar Tree. The participants are sometimes invited on outings with the Little Sisters and with Notre Dame alumni and their families.

GENDER REQUIREMENT: Female Only
MINIMUM AGE REQUIREMENT: 18

Website: A good overview of what we do can be found @ www.lincolnvillageministry.com & www.lincolnacademyhsv.org

Our mission and scope is broad based to bring renewal & hope to an impoverished area of our city. This includes a private academy for low income students in our area. It also includes the purchasing & renovation of over 30 structures to provide clean & economical housing for the families. We also address health & legal issues for the residents. A food pantry & a church have been established for local residents, as well. We also are helping to create economic growth in the area by working w/local businesses. SSLP student will work primarily with our children's summer program but will have the opportunity to be exposed to other areas of our ministry as well. Our mission at the school: "We are a Christian learning community developing lifelong learners and servant leaders who walk in the will of God." Our summer program is much like a daycamp that includes academic components.

Tentative 9-Week Overview:

Pre-Camp (May 31): Interns Arrive to Huntsville
Pre-Camp (June 1-4): Intern Training Sessions
Week 1 (June 8-11): Kick Off @ Lincoln Academy
Week 2 (June 15-18): Kids @ Lincoln Academy
Week 3 (June 22-25): Kids @ Lincoln Academy
Week 4 (June 29 - July 2): Kids @ Lincoln Academy
Week 5 (July 6-9): Kids @ Lincoln Academy
Week 6 (July 13-17) *Approx Date: Kids 2 – 6 @ WinShape | Activities & Service for Interns
Week 7 (July 20-23): Art Camp @ Lincoln Academy (Hosted by Summit Crossing)
Interns Only (July 24) (Interns Only): Clean Lincoln Academy Campus to prepare for camp ending
Week 8 (July 27-30): Spend the Night Camp @ Whispering Pines
Interns Only (July 31): Interns clean up after Whispering Pines & Interns Leave Host Families

**Website:** andrehouse.org

Andre House is a ministry of the Congregation of Holy Cross. It provides up close and personal encounters with the chronically and transitionally homeless and poor. Guided by a Holy Cross Priest and Brother, we provide transitional housing, dinner six nights a week with an average of 600 meals/night, showers, bathrooms, phone use, and the distribution of material goods such as toiletries, blankets, and clothing to those in need. The student assists with all the functions of the organization, working in solidarity with the guests (we refer to those who receive our services as guests rather than clients), staff, and other volunteers to provide a safe, supportive community of service. While the SSLP student is at Andre House, they will be seen as part of the Summer Staff. Therefore, the student(s) will live in community with the rest of the lay staff. The staff house is near site. The SSLP student(s) may also have an overnight shift at the transitional house.

St. Anthony Foundation is a Franciscan social service agency, located in the Tenderloin District of San Francisco, serving individuals and families in need of basic human services. Founded in 1950 by Franciscan Friar Alfred Boeddeker, St. Anthony Dining Room was established to provide an atmosphere that welcomed low-income and homeless people with dignity and respect. Since the Dining Room’s inception, St. Anthony’s has responded to the needs of our guests by developing a comprehensive multi-service approach to fulfilling our mission “to feed, heal, clothe, shelter, lift the spirit of those in need and create a society in which all persons flourish.”

St. Anthony Foundation has hosted Summer Service Learning Program interns previously who have given extremely positive feedback about their experience in the Tech Lab. By learning, first hand, how poverty and homelessness affect people in the community, we hope students will gain a new insight into the systematic changes needed to address these social issues. Through formal and informal check-ins with staff, students are also encouraged to think critically about the service they are providing, and given the opportunity to share experiences and discoveries with one another.

Website:  www.ivsn.org

InnVision Shelter Network (IVSN) is dedicated to helping homeless families and individuals across Silicon Valley and the San Francisco Peninsula return to permanent housing and self-sufficiency.

The Summer Adventures Day Camp offers safe, fun, educational, and stimulating activities for school-aged children while their parents are finding a job, at work, finding permanent housing, receiving intensive case management, and anything else they may need to help move them from homelessness to self-sufficiency. The student helps plan and run the eight weeks of camp by leading activities, monitoring field trips, and caring for the children. They will also participate in one week of orientation with the rest of the Intern class.

IVSN has 5-6 summer camp locations. Once selected as a Camp Director, the Notre Dame student will interview at a couple of the different sites based on their location preferences, and then will be placed as a Camp Director at one of those sites. Potential locations include Daly City, San Mateo, Redwood City, Menlo Park, Palo Alto, and San Jose.

We prefer volunteers who are older, given the scope of the responsibility of the camps. The students are somewhat independent in running camp but do have support from IVSN staff. We are open to the possibility of having under the age of 20, if the students experience reflects the ability to do so.

Website: www.transitionhouse.com

Transition House is a shelter for homeless families who are capable and motivated to participate in a mandatory planning program leading to permanent housing and self-sufficiency. Programs are offered for parents to find employment, continue education, save money, and eventually support their families. This is a three stage program that looks at long-term solutions by offering emergency shelter (stage 1), Section 8 housing while paying 1/3 of income (stage 2), and supported permanent housing (stage 3).

The student helps with tutoring and childcare as well as administrative tasks, such as working the front desk. Further, the student assists with a fundraising event, called No Ball, and with organizing the Annual Family Picnic. Depending on where the student’s other interests or skills might be best applied, other task fields can be considered.

Catholic Charities provides help and creates hope for people who are poor and vulnerable in our area through the efforts of a wide range of programs and services. SSLP students will be serving at our location on 14 W Bijou Street in Colorado Springs.

**Our Mission**
In response to Jesus Christ’s call to affirm the value and dignity of each human life, to build solidarity within the community, and to advocate for justice for the poor and vulnerable, Catholic Charities of Central Colorado humbly engages in the ministry of charity for those in both economic and spiritual poverty so that all – staff, volunteers, and clients – may fully achieve their God-given potential.

**Our Vision**
Catholic Charities of Central Colorado will carry out its mission, for all those in need, through loving witness to the Gospel, compassionate and competent service, and meaningful advocacy.

**Key Values**
Love, Respect, Service, Justice, Integrity, and Honesty are our key values and stem from our belief that every person is created in the image and likeness of God.

**Location**
Centrally located in downtown Colorado Springs across the street from St. Mary’s Cathedral, The Marian House is home to the poverty reduction services of Catholic Charities through our Poverty Reduction Department. It is comprised of two facilities: The Marian House Soup Kitchen and the Hanifen Center.

The Marian House Soup Kitchen provides meals 365 days a year to anyone who comes to our door. In just the past year, the number of meals served has increased 19% over the same time last year. Even more staggering is the fact that the number of meals has increased 40% versus just two years ago. Furthermore, the number of meals served to children has doubled in the past two years.

The Hanifen Center brings all Catholic Charities emergency services together to meet the immediate basic needs of individuals and families. Department program areas include Client Service Programs (Client Services and Community Outreach Services) and Life Support Services. On-site partner agencies include SET Medical Clinic, Penrose-St. Francis Community Network of Caring Nurse Program, Urban Peak, Harbor House, Dismas Houses of Southern Colorado, and Aspen Pointe. Partner agencies offer services in eight core areas: housing, employment/income, life skills, education, mental health, medical/physical health, transportation, and childcare referrals.

These physical demands are representative of the physical requirements necessary for an intern to successfully perform essential functions working with the Community Services and Marian House Soup Kitchen program areas.
The Bridge Project helps children living in Denver’s public housing neighborhoods to achieve their academic potential and graduate from high school with the resources necessary to succeed as adults. The 8-week Summer Program focuses on reading, writing, technology, and social development through activities, classes, and field trips for the participants. The SSLP student’s responsibilities include, but are not limited to, teaching/facilitating classes, building meaningful relationships with youth and staff, and organizing activities and events.

The Denver Catholic Worker has been providing hospitality for homeless individuals, couples, and families in Denver since 1978. We have a large house where several workers live together with about ten guests at a time. Each individual or family has its own room. We live together as community, providing all meals, laundry facilities, personal support and information as needed, with the goal of trying to help our guests to become self-sufficient with jobs or benefits and long-term housing. Dinner is the one meal every day that's shared with all the workers and all the guests, usually about 12 people. The live-in workers and outside volunteers take turns cooking. Individuals are responsible for their own breakfasts and lunches. The guests are expected to be out of the house from 9:00 a.m. to 4:00 p.m. on weekdays. The workers gather every weekday at noon for a half-hour of shared silent prayer and then eat lunch together. Every Thursday night we have Mass (or, in the absence of a priest, community prayer including reflection on the readings of the day) in the living room. This is open to anyone who wants to come, including folks from outside the house. The core community, which would include an intern, has a house meeting once a week. Once a month, we take off for a “community day” in which we relax, have fun, and share personally.

Previous Student(s):
Mount St. Vincents
Denver, CO

Site Categories: Children and Youth Programs, Day Camps

Dates: 6/13/16-8/16, 6/20/16-8/12/16

Special Expectations:

Gender Requirement: Both
Language Requirement
Minimum Age Requirement: 19

Does the site require a driver’s license in order to transport guests/clients or use a vehicle during work?
License Not Required

Transportation to the site from the provided accommodations:
Each student will need to provide his/her own vehicle

Split Site Placement?

Housing: Sr. Amy said the student should be interested in religious life in order to live in the convent with 4-5 sisters--contact Sr. Amy with candidate first; otherwise, live with Alumi families.

Website: www.msvhome.org

Mount Saint Vincent Home provides services and programs for children who have behavioral and emotional issues. The summer camp is designed for children who need a lot of structure and guidance. The student receives formal training in child restraint because of the challenging nature of working with the children. The student assists teachers within the classrooms and organizes and participates in recreational activities.

Monday, November 16, 2015
SJPC envisions a world free of child abuse and neglect. Our mission is to strengthen families who are at the risk of child abuse and neglect by providing parenting education and support. Our goal is to equip parents through education to change unhealthy parenting patterns and to foster healthy ones in an effort to decrease the incidence of child abuse and/or neglect. We strive to provide these parents with the knowledge and tools to be more caring and productive people, parents and members of society. SJPC’s General Parenting Program (GPP) offers 28 different parenting classes in both English and Spanish. This program works on an open enrollment policy and welcomes both moms and dads. Each class is 2 hours long and offered 2 times a week. SJPC also has a DAD (Dads Are the Difference) Program which offers all fathers the GPP as well as a 12 session dad support group. SJPC uses the National Fatherhood Initiative’s 24/7 Dad program for the support group. A light meal is served during each of our classes and on completion of a 2 hour class the client receives a free bag of groceries. After completing 10 classes the client is offered a choice of an incentive gift such as diapers/wipes, a series of age appropriate books for their child or a backpack full of fun activities for their child. Once a client successfully attends 20 classes, he/she has the opportunity to receive a larger incentive item. These items are something that will enhance their child’s life (i.e. toddler bed, crib, stroller, desk, etc.). All clients can avail of individual case management in both English and Spanish.

Volunteers, interns and students are an integral part of what SJPC does and we hope you will become a part of this great mission!

Trinita runs the Family Life Development Program each Summer, designed as a faith-based summer camp for families who greatly need a break from the intensity of inner-city life. The program goals are to strengthen faith and family life. Along with the sisters and staff at Trinita, volunteers are essential to every aspect of the program's implementation. SSLP students arrive early (June 20) before the mandatory Orientation Week for new volunteers begins June 26. The first group of Families arrive on July 3 for a week-long stay. Then a new group of Families arrive each week for 5 consecutive weeks ending Aug 6, with SSLP volunteers remaining to clean and close up the camp, departing on or about Aug 10. Volunteers have their own dorm-style cabin, apart from the families' cabins. Meals and activities are all together.

Monday, November 16, 2015
At L’Arche Greater Washington, DC, people with and without developmental disabilities share daily life, chores, laughter, and prayer while creating deep friendships in an interdenominational Christian faith community. In L’Arche, we celebrate the giftedness of all people and seek to learn from one another through relationships based on mutuality and respect. L’Arche DC is comprised of four homes, two in Adams Morgan, DC and two in Arlington, VA, and we are part of the International Federation of L’Arche communities, made up of over 130 communities in about 35 countries. We seek someone who is open to learning to love folks with intellectual disabilities. While we welcome people from all faiths and at all points in their faith journey, L’Arche Greater Washington, DC identifies itself as having an ecumenical Christian charism, and our prayer time after dinner often involves Christian prayers like the Our Father. Scripture passages like the Beatitudes and the Washing of the Feet are formative stories in L’Arche’s founding story. Students who choose to come to L’Arche need to be comfortable participating in the faith community elements of our life together and must respect people of other faith traditions.

Website: https://www.cfsarasota.org/b1Impactbcommunityinitiatives/CampaignforGradeLevelReading.aspx

The Sarasota County Campaign for Grade-Level Reading focuses on three pillars: promoting school readiness, combating summer learning loss and preventing chronic absence. One of the leading partners in the Sarasota County Coalition for Grade-Level Reading is the Community Foundation of Sarasota, the site host for this SSLP. This SSLP will focus on the two pillars of school readiness and summer learning.

Primary Site— Alta Vista Eagle Academy
The Alta Vista Eagle Academy is a 7 week summer program for children entering Kindergarten through 3rd grade at Alta Vista Elementary School in Sarasota, FL. The Eagle Academy addresses two main issues related to learning that low-income children in Sarasota face: the readiness gap and summer learning loss. A few facts about the students of Alta Vista: 94% of students are on Free or Reduced price lunch. 49% of students live in a single parent household. 39 students are homeless, including 13 who live in a shelter. In 30% of students’ homes, a language other than English is the primary language.

Secondary Sites— Bridges to Kindergarten and Great Futures Academy

Bridges to Kindergarten, is an 8-week summer program developed by the Early Learning Coalition of Sarasota County for pre-school age children identified as struggling and not meeting the criteria for kindergarten readiness. Children zoned to attend four target elementary schools participate in Voluntary Pre-Kindergarten (VPK) programs at 5 different sites. The program runs Monday through Friday from 9am – 3pm with before and aftercare provided when needed. In 2014, 96% of the children who completed this program tested ready for kindergarten.

The Great Futures Academy (GFA), is an 11-week summer program developed and run by the Boys & Girls Clubs of Sarasota County for children attending three target elementary schools. The program serves children who were identified by their school administration as at risk for losing academic progress throughout the summer months. GFA students participate in focused learning time Monday – Friday between 8:00 am and noon. One hour of each morning is spent in a small group of no more than 5 students to one teacher. Students also participate in computer lab to reinforce language arts, math and science skills; field trips complementing the academic program; and games and projects encouraging creative thinking.

The student will have exposure to both BTK and GFA based on program enrollment and student interest. One day a week will be set aside to work directly with a teacher in one of these programs and his/her students who need extra assistance.
Senior Friendship Center Healthy Aging Clinic & Resurrection House

Website: www.friendshipcenters.org

The Senior Friendship Center's Rubin Healthy Aging Clinic provides low cost or free medical care to seniors aged 50 and older who are below the poverty level. The services include medical care, dentistry, adult daycare, and a senior center where independent seniors can come for the day and participate in scheduled activities in a safe environment. The student checks patients in, records their vital signs and chief health concern, shadows during some procedures, and completes necessary paper work. Students also work with Resurrection House. On Fridays, the students work at the Adult Daycare Center, which is a day center for Alzheimer's patients or within other Senior Friendship Center programs such as home-delivered meals.

In addition to their volunteer activities, the SSLP Students also participate in a Physician Follow Program. This program matches the SSLP students with local medical professionals to provide insight on running a medical practice, interacting with patients and conducting surgeries. The students will observe a variety of surgeries, including urological, orthopedic, pediatrics, ontological, cardiac, highly contagious diseases, dental procedures, autopsy, and ophthalmological medicine. The education the students receive from the Physician Follow Program enhances their ability to contribute in their SSLP volunteer activities, participate in Med School interviews and make informed decisions about the future direction of their medical careers.

SSLP 2013: Mary-Kate Burns - mburns8@nd.edu - 2016
The Refugee Resettlement division of Catholic Charities assists with the reception and placement of families who have fled their home countries due to persecution because of their race, religion, nationality, membership in a particular social group, political opinion, or national origin. Programs include employment services, home management, crisis intervention and health care management. The student serves as a Case Aide and helps refugees learn English and learn to use public transportation, accompanies them to apply for social security cards and other appointments, and helps them prepare for job interviews. A student with Spanish language capacity can also work with Immigration Legal Services, assisting certain parents with qualified children in El Salvador, Guatemala and Honduras complete affidavits of relationship for their children.

Inspired by the Gospel, Matthew 25 Health and Dental Clinic fills a critical need by providing free medical, dental, and vision services to uninsured, low-income residents of Allen County. Matthew 25 continues to improve the quality of life for our patients by providing necessary medical care and medications that would hopefully, enable their entry back into the workforce. No other organization in the city fills Matthew 25's unique mission. Matthew 25 is the only free clinic in Allen County opened on a full-time basis. The Clinic's record of service makes it one of the longest-serving free clinics in America. Open 48 hours each week, the Clinic provides care for over 116 patients daily.

Sister Maura Brannick Health Center provides primary healthcare services, focusing on those who are unemployed or working poor, falling below 150% of the federally-designated poverty level. The Health Center addresses prevention of disease and illness and focuses on the overall health and well-being of each patient. Students take vital signs and histories, prep/file charts, and work the front desk. They also shadow and learn from the doctors and nurses at the clinic who almost all volunteer their time.

Website: www.myhandinhand.org

Hand in Hand meets the expressed needs of people in our own community and around the world through cultural immersion, education, housing and healthcare. The Auxier Center, in Eastern Kentucky, serves as an outreach center for the Appalachia community by providing a home repair program, emergency food assistance, a GED course and community development. The facility is an old school, in a coal mining community, that has been converted to provide an "all inclusive" experience by providing sleeping and eating facilities for short term volunteers, and interns, that assist us throughout the year. The immersion trip volunteers who assist us work closely with homeowners in our "Home Repair Program" in some of the poorest counties in Appalachia.

In July 2011, Tree Street Youth Center opened to meet the challenge of providing low-income youth the opportunity to learn and grow in a nurturing environment. Located in the heart of downtown Lewiston at 144 Howe Street, it serves as a vibrant hub of daily youth-driven activity for 120-150 students in grades K-12 and is the only center solely focused on meeting the educational and social needs of at-risk youth. The Center is strategically located directly across from the Governor Longley Elementary School and on the walk route to both Lewiston Middle and High Schools.

The mission of Tree Street Youth Center is to support the youth of Lewiston-Auburn through academics, the arts and athletics while providing a safe space that encourages healthy physical, social, emotional, and academic development while building unity across lines of difference.

Website: www.louriecenter.org

The Lourie Center for Children’s Social and Emotional Wellness is a non-profit organization dedicated to improving the social and emotional health of young children and their families through early intervention, education, research, and training. The Center was founded in 1983 by the late Dr. Reginald S. Lourie, a world-wide leader in the fields of pediatric child psychiatry and infant mental health, and his colleagues, including Dr. T. Berry Brazelton and Dr. Stanley Greenspan, as an outgrowth of their six-year clinical research project funded by the National Institute of Mental Health. In July 2006, the Center affiliated with Adventist HealthCare, Inc.

Serving more than 4,000 children and families in the Washington metropolitan area, regardless of ability to pay, the Center is a pioneer and leader in the field of infant and child mental health.

Lazarus House
Lawrence, MA

**Site Categories:** Housing and Homelessness, Immigration, Adult Education

**Dates:** 6/22/15-8/14/15, The date may change (meaning the date might commence one week earlier) depending on housing availability.

**Special Expectations:** For at least two students; evening work required. Bilingual (English/Spanish) speakers are preferred but it is not absolutely necessary. What is necessary - a kind, friendly, attitude. The housing situation is usually a shared living arrangement (a house in Andover, MA) with several other SSLP students serving in different Lawrence area sites. Although the affluent town of Andover borders the city of Lawrence, there is a vast socio-economic difference between these communities. You must be comfortable traveling between both "worlds" on a daily basis. One of the students placed at Lazarus House will need a car to travel to and from Lawrence.

**Housing:** Live in community with all 8 Lawrence SSLP students.

**Website:** www.lazarushouse.org -- http://admissions.nd.edu/ndigniteconnection/

Lazarus House (http://www.lazarushouse.org/) is a spiritually based organization that welcomes all in the name of God. It provides a continuum of care encompassing food, shelter, clothing, advocacy, job training, medical and dental care, a listening ear, a welcoming heart, the restoration of dignity and self respect to the poor and needy.

Dismas Family Farm

Oakham, MA

**Site Categories:** Outreach Services, Environmental Sustainability, Criminal Justice

**Dates:** 5/30/16-7/22/16, 6/6/16-7/29/16, 6/13/16-8/5/16, 6/20/16-8/12/16, 6/27/16-8/19/16

**Special Expectations:**

**Gender Requirement**  Both  **Minimum Age Requirement**  18  

**Language Requirement**  

**Other Language Requirements**

Does the site require a driver’s license in order to transport guests/clients or use a vehicle during work?

License Required

**Transportation to the site from the provided accommodations:**

The student will live on site or close enough to walk

**Split Site Placement?**

**Housing:** the service organization will house and feed the student(s)

**Website:** [www.dismashouse.org](http://www.dismashouse.org)

Dismas Family Farm is a 35 acre organic residential farm program for homeless and former prisoners, in addition to staff and students participating in the community life. At the farm, residents participate in farm chores, from care of animals, to woodshop, farm equipment, planting, restaurant delivery, farmers market management and more. Clients receive a battery of mental health and case management services to help them in their community recovery and reentry process.

Michigan

Alumni Club: Ann Arbor
Hope Clinic
Ypsilanti, MI

Site Categories: Health Care, Dental

Dates: Any 8 consecutive week period between 5/16/16 and 8/19/16 is available.

Special Expectations: Ideally we would prefer our two interns to have staggered schedules, over the summer weeks. One starting in May and the other finishing in Mid August. We realize this might not be possible, respecting the Host Family requests.

Gender Requirement Both
Minimum Age Requirement 18

Language Requirement
Other Language Requirements

Does the site require a driver’s license in order to transport guests/clients or use a vehicle during work?
License Required

Transportation to the site from the provided accommodations:
Each student will need to provide his/her own vehicle

Split Site Placement?

Housing: Notre Dame Club host families (no more than 4) will house and feed the student(s)

Website: www.thehopeclinic.org

Hope Clinic provides comprehensive medical, dental and social services for people who do not have insurance or the ability to pay for necessary medical care, dental care, food or basic needs. Hope provides compassionate and practical help to those in need, ministering to the whole person. Students will split their time working in all three of the following groups: Hope Social Services (food bank), Hope Medical Clinic, and Hope Dental Clinic. Students provide clerical and office assistance and are assigned special projects that have significant impact on clinical resources and daily operations. Students also have the opportunity to help with interpretation for Spanish-speaking clients and many other languages as well.

Clark Park
Detroit, MI

Site Categories: Children and Youth Programs, Outreach Services, Immigration

Special Expectations: Students should love sports since there is a great deal of athletics each day. We prefer four male students, as they will be able to live in the St. Anne rectory, which provides a nice immersion experience in a parish. A second choice would be a mix of male and female students. However, they would live in a single family home owned by a priest in a different downtown neighborhood.

Gender Requirement Male preferred Minimum Age Requirement 18

Language Requirement Spanish is helpful but not required. Other Language Requirements

Does the site require a driver's license in order to transport guests/clients or use a vehicle during work? License Not Required

Transportation to the site from the provided accommodations: At least one of the students will need to provide a vehicle and the students will carpool

Split Site Placement? Housing: St. Anne's Rectory with three other ND SSLP students

Website: www.clarkparkdetroit.com

Surrounded by historic homes, schools, busy shops, and local services, Clark Park is 20 acres of landscaped and playscaped green space in the heart of Mexicantown in southwest Detroit. For years, the park has been the cornerstone and town square of the neighborhood. It provides a safe haven for everyone -- a place where kids, families, and seniors unwind, explore, and participate in many different activities, including team sports. It remains the community's anchor, providing four seasons of programming for thousands of young people. Team sports include youth soccer, hockey, baseball, tennis, lacrosse and ice skating. Nearly 14,000 youths under 18 use the park every year, and an estimated 100,000 individuals take part in the concerts, festivals, and special events. It provides after-school tutoring, an urban gardening program, theatre arts and arts and crafts, and nutrition classes and provides a free lunch program in the summer for the low income youth in the neighborhood. Clark Park offers part-time employment to youth, which teaches responsibility and how to conduct oneself at work, offering them a sense of pride while earning their own money and helping neighbors.

Monday, November 16, 2015
St. Vincent dePaul of Detroit - Camp Ozanam

Detroit, MI

Site Categories: Children and Youth Programs, Overnight Camp

Dates: 6/13/16-8/5/16

Special Expectations: We require additional training but will provide that upon your arrival.

Gender Requirement  Male preferred
Minimum Age Requirement  18

Language Requirement  Other Language Requirements

Does the site require a driver’s license in order to transport guests/clients or use a vehicle during work?

License Required

Transportation to the site from the provided accommodations:
The student will live on site or close enough to walk

Split Site Placement?

Housing: With 3 other SSLP students at St. Anne’s rectory in Detroit, when not at camp

Website: www.svdpdetroit.org -- www.campsconnect.org

The Society of St. Vincent de Paul (SVdP) offers a five week summer camp program for boys and girls at Camp Ozanam (or as we all know it at camp “OZ”). As a Special Works of the Society, Camp Ozanam offers families in need, served by our brothers and sisters of SVdP throughout the year, the opportunity to send their child to camp to experience all that a traditional camp has to offer.

At Camp Ozanam, children will develop a sense of community and environmental awareness where they can pray, ponder and play.

SVdP believes in the life long benefits that a week at camp provides and has offered this program free to families since 1923.

Grandville Avenue Arts and Humanities

Grand Rapids, MI

Site Categories: Education, Immigration

Dates: 6/20/16-8/12/16, 6/27/16-8/19/16

Special Expectations: We really need a mature leader that is able to handle being a positive role model.

GAAH operates two central city facilities located just south of downtown Grand Rapids: the Cook Library Center at 1100 Grandville Avenue SW, and the Cook Arts Center at 644 Grandville Avenue SW.

The Cook Library Center focuses on the intellectual development of the child. Primary programs include homework help, computer use, mind-expanding games such as chess and Scrabble, storytelling events, summertime reading programs, and career development. Adults use our library as well, for reading, job searches, and resume writing.

The Cook Arts Center is a creative place to explore artistic interests through art, pottery, music, dance, and theater classes. At the Arts Center, children have an opportunity to discover their own creativity and develop a deeper appreciation of the arts. In addition to a wide array of after-school classes, the Arts Center offers drop-in activities, a summer arts and learning program, and various activities during winter and spring breaks.

The SSLP volunteer at GAAH will also work about four hours weekly at the Baby Pantry run by Catholic Charities twice a week on Tuesday and Thursday.

**Gender Requirement**  Both  **Minimum Age Requirement**  18

**Language Requirement**  **Other Language Requirements**

Does the site require a driver's license in order to transport guests/clients or use a vehicle during work?

**Transportation to the site from the provided accommodations:**

At least one of the students will need to provide a vehicle and the students will carpool

**Split Site Placement?**

**Housing:** At the site; students live at the St. Louis Center-- sometimes sharing a small house if they are there at the same time and sometimes in different quarters on the site. The SdC religious order members also live on site.

**Website:** www.stlouiscenter.org and www.jackson.ndclub.org

The St. Louis Center is a caring, residential, family living and learning community for people with developmental disabilities. The center's goal is to increase the independent living skills of the residents, helping them to reach their full potential. Each student develops a work plan that suits the student's interests and capabilities. While most of the work is direct care, there is a wide range of activities that may be included from office work to fundraising to hanging out with and caring for residents. SSLP students also interact with permanent staff and other summer employees and volunteers of all ages. From time to time, SSLP students accompany residents on off-site excursions and activities.

Website: bronsonhealth.com

Bronson Healthcare Group is a community owned, not-for-profit health care system, governed by a board of local citizens. Bronson serves 9 counties in Southwest Michigan and Northern Indiana.

Bronson Methodist Hospital, the flagship of the Bronson system, is located in downtown Kalamazoo Michigan (midway between Chicago and Detroit).

Offering a full range of services from primary care to advanced critical care, Bronson’s goal is to provide patients with the right care, at the right time, in the right place. Our physicians and staff are nationally recognized for many exceptional achievements in quality, safety and service.

Bronson is committed to providing high quality medical care and making every customer’s interaction with the organization a superior experience. Bronson’s annual outreach and charitable care amounts to more than $116 million in community benefits.

Bronson believes in and asks of all its employees and volunteers to commit to providing a consistent and measurably superior customer service.

Housing: At the site with campers

Website: www.baycliff.org -- www.facebook.com/baycliff

Bay Cliff is a very special place. It is a two-month therapy camp serving children with physical, speech, hearing and vision disabilities. We work closely with the children to help them learn ways to be more independent. A summer at camp gives many of them the opportunity to participate in activities that they otherwise might not be able to do. Each summer, approximately 170 children are referred to Bay Cliff for the opportunity to receive physical therapy, occupational therapy, and/or speech therapy. They come for therapy and leave with new skills and friendships. "It takes a village to raise a child," may be true as our staff numbers about 130. No matter the role they have at camp, each staff member has the opportunity to make a positive impact on a child and help them grow towards independence. The staff is responsible for the well-being of each child, assisting them with their care and helping them participate in their daily schedule of therapy sessions and other camp events & activities. Bay Cliff is located in Big Bay, Michigan, on beautiful Lake Superior about 28 miles northwest of Marquette, MI. Bay Cliff Health Camp is a place apart. What was once a dairy farm in the early 1900's became a summer camp in 1934. It continues to be an old-fashioned place that is steeped in farm & camp traditions, hard work, family values, and manners.

Vitae Foundation encourages a culture of life through research-based messaging and mass media. Located in Jefferson City, MO, Vitae Foundation’s headquarters serve as the central hub for marketing efforts and pregnancy center collaboration. The student will work with Vitae Foundation for 3 days a week and for the other 2 days will partner with local pregnancy help centers. At the PHC, the student would be involved in a mentoring program, answering phones and greeting clients, processing new clients, assisting teachers in different classes, working in the Baby Boutique and assisting with special events as needed by the PHC and Executive Director.

Johns Hopkins University rates our Summer Academic Camp as the best summer reading program in the country. In 1999, we started with one church and 90 students. Today, the Upper Room offers an eight-week summer reading camp for 3,000 children and 30 different churches to high-poverty kids who use the summer to make substantial academic gains. In a district where reading proficiency scores fall consistently below those of neighboring districts, children who participate in the program read as high as two grade levels above their peers. The children have recreational activities and events, too. The children's reading ability is the primary focus, and every morning they read Accelerated Reader books and take tests on computers to track their progress. Other benefits for the children include: a field trip, swimming, and dance lessons (all once a week). SSLP students tutor in the mornings and supervise a group of kids in the afternoon, providing leadership as they partake in various activities.

This summer, students have the option to help implement our Neighborhood Transformation Initiative, a comprehensive initiative to offer quality, affordable education, health care, housing, jobs, and community development to two urban core neighborhoods. Involvement could include shadowing our community health worker, working at our community center or our preschool, elementary, middle, or high schools, or working with community organizers.

The Children's Place, founded in 1978, is a non-profit agency that helps heal the youngest survivors of abuse, neglect and trauma. The Day Treatment Services program serves children, six years and younger, who have been abused or neglected and provides them with an early childhood education; including intensive treatment combined with expert, evidence-based therapy services and interventions. Our mission is to nurture and promote the healthy development of young children who have survived abuse, neglect and trauma by providing specialized services and family support, within a safe and caring environment.

**Special Expectations:** TB test is required. For our agency's licensing requirement we will need to complete a state background check; student must be able and willing to provide a copy of their state identification/driver’s license and social security card.

Website: google site: https://sites.google.com/site/revitalization2000inc/

Revitalization 2000 (R2K) provides opportunities for people to do community service both in the context of R2K programs and in collaboration with other Ville neighborhood organizations and churches. We are a leader in establishing a sustained environment of partnership and organizational collaboration within the Ville that works in a grass roots, hands-on way to empower Ville residents. These efforts focus on the following basics:

1. Create a common focus that promotes trust, builds neighborhood relationships, and therein finds ways to make a collective impact in the Ville.
2. Connect neighborhood partners with organizations and volunteer resources outside the Ville.
3. Cohesively tie together and expand programs that:
   a) Empower neighborhood youth through involving them in our community garden activities, providing them opportunities for earned income, teaching and mentoring them, and encouraging them to continue their education.
   b) Improve the quality of life of Ville residents by educating and working with residents in beautifying our neighborhood, creating landscaped gardens on vacant properties in the Ville, and providing resources for home repair.
   c) Increase the access to and the amount of nutritious foods grown in home and community gardens of the Ville.

Volunteers learn from others involved in neighborhood programs, and they experience life in an impoverished neighborhood. The SSLP students will live in community and interact with other student volunteers who live at R2K’s Claver House, an intentional faith community in the Ville. R2K and our partner organizations believe strongly that our efforts must marry faith with justice. The problems we face are large. Disappointments are frequent, yet we must remain persistent in our effort to succeed. It is faith that fuels that persistence. We challenge volunteers to make a visible and sustained contribution to faith and justice during their stay in the Ville. To support this R2K founded Claver House, located on the same block as St. Matthew the Apostle Catholic Church, a Jesuit parish from which R2K and several other community organizations emerged. We use Claver House as a home for year-around residents living in community, for urban plunge weekends, for spring break service projects, and to support “live-in” student internships. Claver House residents are a “community in a community.” They pray and reflect both daily with other live-in residents and regularly with a broader group of volunteers involved with R2K activities and with activities of our collaborative organizations.

Website: http://youthhomesmt.org -- http://youthhomesmt.org/innerroads/

InnerRoads Wilderness Program provides quality affordable wilderness therapy to at-risk teens and their families. We began as an independent program in 2001, but in order to be even more successful we collaborated with the well established non-profit Youth Homes and are now under their umbrella of services. Since 1971 Youth Homes has been caring for needy and at-risk children, youth and their families. Today, Youth Homes runs shelters, group homes, a wilderness program and a foster care and adoption program.

The InnerRoads Wilderness Program offers an innovative therapeutic approach to at-risk teenagers ages 13 to 17 years old and their families. Teenagers are placed in the program for six weeks. While in our program youth participate in a therapeutically-focused backpacking trip in a designated wilderness area. Most of the youth we work with have experienced some form of trauma in their life, often in the form of physical or sexual abuse, or neglect. Additionally, many of our students have mental health issues such as depression, anxiety, or bi-polar disorder. Our program offers teenagers the opportunity for growth, healing and empowerment and teaches them coping skills to help them on the road to becoming healthy adults.

Website: http://www.sienafrancis.org

Founded in 1975, the Siena/Francis House is Nebraska’s largest shelter and is located in downtown Omaha, Nebraska. The Siena/Francis House provides food, shelter and clothing, along with outreach/case management to homeless families and individuals from Omaha and surrounding communities. Additionally, the Siena/Francis House partners with up to 70 other organizations which help us serve the many thousands of homeless families and individuals who turn to us for assistance each year.

Exercising a policy of unconditional acceptance, the Siena/Francis House is dedicated to providing all of our services to the poor and homeless with the respect and dignity they deserve, including those viewed as “most difficult to serve”— the chronically addicted and mentally ill homeless persons who may not currently be receiving medical care or medication. It is the case that – each and every day and evening of the year – the Siena/Francis House serves more meals and provides more nights of shelter to our community’s homeless men, women and children than the other Omaha homeless shelters, combined.

St. Martin’s Hospitality Center has been serving the Albuquerque community for over 25 years by assisting the homeless. Our non-profit is unique in the community because of the number of different services we have to meet the needs of individuals and families. We provide shelter/food programs, mental health services, job assistance and other critical programs. The services provided by St. Martin’s stress flexibility, accessibility, and comprehensive care, the qualities necessary to assist individuals and families out of homelessness.

Our goal is to create self-sufficiency and break the cycle of homelessness. We have discovered that an individual’s greatest resources are their own skills and strengths; their greatest opportunity, that of integration in the community; and their greatest hope, the freedom to choose their own path.

Previous Student(s):

SSLP 2014: Megan Moffitt - mmoffit1@nd.edu - 2017

SSLP 2013: Sarah Stubbs - sstubbs@nd.edu - 2016
Since September 2004, NativityMiguel has provided its students the opportunity to break the cycle of poverty through education. Many of our students had failed at school and were ready to give up. Today, students at our St. Monica Campus for young women and St. Augustine Campus for young men embrace the programs we offer in order to prepare for success in high school and beyond. Our graduates attend many of the area’s top public and private high schools and are continuing onto college.

We are a faith-based middle school transforming the lives of underserved students in a secure and nurturing environment on single gender campuses. In partnership with our families, we deliver a uniquely effective education that includes an extended school day and school year, dedicated and caring teachers, personal mentoring and continuing support through high school graduation. We target low-income students who are exposed to street life and the pressures of inner city living, who are performing below grade level in reading/math, and who are willing to embrace an extended day/year with a goal of graduating from high school and college. Almost all of our students qualify for the federal lunch program (an indication of their poverty status), and over 50 percent are eligible for extra services in reading and math assistance. In a city struggling with a high school graduation rate that hovers around 50%, we specifically seek students of average academic ability whose backgrounds and living circumstances place them at risk of academic failure. Our school is not designed to meet the needs of the academically gifted. Instead, the key factor for admission is a positive attitude towards self, academics, and peers. Our students are in school for 8.5 hours a day and up to 11 months a year. In addition, it is not unusual to find 50% or more of our student body obtaining extra academic help and/or actively engaged in safe, healthy recreational activities offered at the school on Saturdays.

Despite their challenges, our graduates are now attending top WNY public and private high schools and graduating from college. We hope someday to have one of our graduates attend the University of Notre Dame.

Website: Please call us for our newspaper!

The Catholic Worker has been performing the Works of Mercy in New York City since 1933. Ours is a house of hospitality that serves an open lunch for women Tuesday through Friday. We also provide showers, as well as clothing and pantry when available. We live together in community, caring for the elderly who live in the house and in the neighborhood. Part of our time is spent working on our newspaper, The Catholic Worker, which is published seven times a year. We also participate in demonstrations against injustices in our city and the wars abroad, as the works of war are inherently against the Works of Mercy. Two hours north of the city we have a farm. During the summer, the city folks try to help our farmer, Tommy, keep the weeds back and the vegetables growing. It is always a retreat for us to spend the day up there getting dirty rather than cleaning around our house!

Mercy Center is a comprehensive community center that has been serving women and their families in the Mott Haven section of the South Bronx, NY for over 25 years. We address the needs of the whole person, developing skills for healthy family living and economic advancement and building a community of respect, hospitality and non-violence. Mercy Center provides a range of programs and services to our participants, most of whom are immigrants and almost two-thirds of whom survive on annual household incomes of less than $15,000.

The REACH Program is for middle school boys in the New York City area who are Catholic, academically gifted and talented with leadership potential, and whose families have significant financial need. During the six-week REACH summer program, students take classes at the University of Scranton for three weeks, then return to Regis for three more weeks of class and leadership activities. The SSLP student helps prepare for the camp and then acts as a role-model and camp counselor for their group.

Alumni Club: Northeast New York
Camp Scully

Wynantskill, NY

Site Categories: Children and Youth Programs, Overnight Camp

Dates: 6/20/16-8/12/16. Our training actually starts 6/19/16 but students may arrive earlier to settle in.

Special Expectations: We will conduct our own background check. Students will receive an email concerning this. • Clothes for about 10 days – shorts, shirts, underwear. Laundry facilities are limited.
• Swimsuits (2) – girls one-piece only, boys no Speedo-type, please.
• Watch – a cheap one at Wal-mart will suffice, but try and get a waterproof one.
• Bedding – Sleeping bag, sheets, comforters, pillows.
• A small backpack for use during your work day.
• Alarm Clock – don’t count on cell phone.
• CD or music player – campers love music, but keep it PG.
• Fan – we have no AC, so bring a box or clip-on fan.
• Rain Jacket and boots– yup, it rains here.
• Towels (2) & toiletries – a container to store them together is helpful.
• Notebook, journal, pen, book etc.
• Flashlight – headlamps are cool here.
• Sandals – must have heel strap (flip-flops can only be worn in the shower)
• Warm sweater or jacket
• Weekend “not camp” attire. We have Friday night and Saturday off and an end-of-season banquet where we all dress in nicer clothes
• Photo ID and Social Security Card.

Urban Ministries - Open Door Clinic

Raleigh, NC

Site Categories: Health Care, Outreach Services

Special Expectations: There is a possibility that the host family could drive the student to the site on a daily basis and/or share the transportation responsibility with the student and a team of host families. Any individual will be HIPAA trained, but that will be offered through our agency. Any required immunizations that the university imposes on students will be the same required for us (no printed record required).

Housing: Notre Dame Club host families (no more than 4) will house and feed the student(s)

Website: www.urbanmin.org

Urban Ministries of Wake County is a non-profit human service organization that alleviates the effects of poverty in Wake County by meeting people's basic needs for food, shelter, and healthcare, by providing services that promote self-sufficiency and building awareness of the issues of poverty within the larger community by leveraging financial support with volunteers and in-kind contributions. Our three programs being specifically the Crisis Support Center, the Helen Wright Center for Women and the Open Door Clinic. The student can dedicate their time entirely to one program, or split their time between two (most likely not feasible to be involved in all three).

Pregnancy Center East assists anyone who faces difficulties that may arise from an untimely pregnancy and offers life-giving alternatives to abortion. The Center provides parenting classes, material assistance, spiritual support, adoption referrals, social service aid referrals, mental health counseling referrals, pregnancy tests and ultrasounds as well as chastity education to the community all free of charge. In addition, PCE has recently started a ministry to aid post-abortive women who are seeking to regain their spiritual, emotional and mental health. In December of 2009, PCE opened its beautiful new facility on Edwards Road in Hyde Park. Archbishop Dennis Schnurr blessed the center upon its opening. The new space includes a chapel, ultrasound room, three counseling rooms, a meeting room as well as ample space for material assistance for clients. Some of the original founders of this ministry still serve clients on a weekly basis and are very actively involved in our mission.

Website: www.newviewoklahoma.org

For six decades, NewView Oklahoma has fulfilled our mission to empower the blind and visually impaired to reach their maximum level of independence through employment, rehabilitation and community outreach. By providing comprehensive rehabilitation services, we provide the tools and the training to assist people with vision loss to resume life as it was prior to the loss of sight. Many clients have chosen to re-enter the workforce and have found satisfying work through employment opportunities in our manufacturing, service contracts, administrative and rehab areas. Many of our clients and employees have found even greater quality of life by participating in the numerous community outreach programs, such as our art programs, rowing, fencing and dance. At NewView, we believe every person should have the opportunity to experience life fully and abundantly without regard to any disability.

**Housing:** We have arranged for our SSLP intern to be housed at an Archdiocese-owned house that also houses recent graduates in the ACE program. The house is approximately 7 miles form the Children's Center location, and should be a supportive environment.

**Website:** http://www.tccokc.org/

The Children's Center Rehabilitation Hospital is a private, nonprofit hospital located in Bethany, Oklahoma. It is the only pediatric rehabilitation hospital that provides the level of care needed for Oklahoma children with complex medical conditions or who are recovering from traumatic injuries. More than 550 medical professionals work in a 130,000 square foot, state-of-the-art facility to fulfill an important healthcare role in Oklahoma by providing the types of advanced, specialized pediatric medical care that helps children transition from intensive hospital care to successfully living at home. Each year, the Center serves approximately 400 inpatients and a growing outpatient population that surpassed 1,600 in 2012. The majority of the Center's operational budget is funded through healthcare reimbursements by Medicaid and insurance companies, but private philanthropic support is critical for capital expansions, major equipment purchases and endowment gifts. The Children's Center's history dates back to 1898 when founder Mattie Mallory felt called to help the orphans of Oklahoma City. Through the years the mission has changed, but the primary focus on the well-being of children has remained the same.

SSLP 2013: Joshua O'Brien - jobrie17@nd.edu - 2016

Saint Andre Bessette Catholic Church provides hospitality and basic services for people experiencing homelessness, mental illness, addiction, loneliness and extreme poverty in downtown Portland since 1919. Saint Andre Bessette is a community of contemplation and personal formation that seeks to build bridges and confront prejudice. The student assists with the hospitality programs and helps to provide clothing, food, hygiene items, and friendship to church guests.

Housing: with alumni families or for a local student

Website: www.clelianheights.org

Clelian Heights is an educational, residential, and vocational facility for children and adults with developmental disabilities where the student spends four weeks. At Clelian Heights the student works in a classroom helping the children with math and reading and chaperoning field trips and recess. The second site, Westmoreland County Action, provides a variety of options doing outreach to the local community.

Previous Student(s):

SSLP 2013: Ryan Grzyb - rgrzyb@nd.edu - 2016
Shalom House

Shalom House is an emergency shelter for women and children. We provide for basic needs: a bed, food, clothing, health & hygiene supplies, and a temporary address and phone number while individuals take steps, with assistance, to get on track for independence and sustainability. Shalom House services include: case management, referral services, life skills training, computer facilities to expand current skills and prepare a resume.

Shalom House has just launched a collaborative initiative with the United Way called Prosperity Center. It entails helping clients become knowledgeable in finances, budgeting, and disciplined approaches to decision-making. In addition, we have been working with a team to upgrade our website and are undergoing a transition in our database software. A student would assist with: database management, assist with the management of the Prosperity Center (working with lead volunteers and staff to coordinate upcoming sessions and follow up between sessions as needed), and assist with the development of upcoming events & programs.

In 2015 we have added an Empowerment by Design Program where we specifically address mindset and barriers that may be precluding successful steps forward. We incorporate reading, engage professional speakers, use media and other resources to help teach and train discipline of thought which in turn can interrupt behavior and response patterns that translate into poor results.

Project HOM(E)(Housing, Opportunities for Employment, Medical Care, Education) provides a continuum of care comprised of street outreach, a range of supportive housing, and comprehensive services. We address the root causes of homelessness through neighborhood-based affordable housing, economic development, and environmental enhancement programs, as well as through providing access to employment opportunities; adult and youth education; and health care.

The student will help engage more volunteers in our mission and work to ensure a positive experience for both residents and volunteers.

Website: www.chp.edu -- http://www.chp.edu/CHP/volunteer+services

Children’s Hospital of Pittsburgh of UPMC is dedicated to improving the health and well-being of all children through excellence in patient care, teaching, and research.

Previous Student(s):
For thirty years, the East Liberty Family Health Care Center has faithfully carried out its mission of “witnessing to God’s love, known in Jesus Christ, by empowering our patients through community centered, whole-person quality health care for all, which includes those who are uninsured, underinsured, and underserved.” The Center provides whole-person health care to all, without regard to a person’s ability to pay. The Center has been Christ-centered since its inception, offering prayer at every visit and serving the poorest citizens of Pittsburgh’s East End.

The geographic area we serve includes East Liberty, Garfield, Larimer and Lincoln-Lemington-Belmar, which have been identified as Medically Underserved and part of a health professional shortage area by the federal government. There are significant demographic and cultural barriers to health care resulting in serious disparities in health outcomes.

The mission of Habitat for Humanity of Greater Chattanooga Area is to work in partnership with God and people from all walks of life, to build decent, affordable housing for those who otherwise would be unable to experience the physical and spiritual benefits of homeownership. The student at this site is exposed to every aspect of Habitat. Tasks include interacting with the homeowners, staff, and volunteers as well as actually working on the construction of homes.

**Dates:** 6/1/15-7/24/15

**Special Expectations:** The job will require a physical condition conducive to construction work/construction sites. For an architecture or engineering major, preferably. We take pride in working for a great organization and are looking for a student that will capture our vision and help us advance it in our area. Habitat will conduct a general safety training with the student upon their arrival at service site. Student will also be trained on all power tools and equipment he/she will be expected to use.

**Housing:** Notre Dame Club host families (no more than 4) will house and feed the student(s)

**Website:** [www.habichatt.org](http://www.habichatt.org)

SSLP 2013: Austin Zebrowski - azebrow1@nd.edu - 2015
The Gift of Mary Shelter is run by the Missionaries of Charity who were founded by Mother Teresa. The sisters operate a homeless shelter, conduct neighborhood outreach, and offer a summer camp for kids. As a "housemother" for the shelter, the student cooks breakfast, cleans the house with the sisters, and takes care of challenges that arise. At the summer camp, the student is a sports leader, helps lead songs and games, and assists in the general organization of the camp.

The Missionaries of Charity are dedicated to serving the poorest of the poor, under vows of poverty, chastity, obedience, and whole-hearted and free service to the poor. The Sisters make no solicitation of funds, goods, or services.

**Previous Student(s):**
Annunciation House provides shelter to economically poor immigrants and refugees at three houses of hospitality in El Paso, called Annunciation House, Casa Vides, and Nazareth House. The typical length of stay for a guest at Annunciation House is two weeks or less. Casa Vides guests are longer-term, often staying for months. Nazareth House hosts very short-term guests who stay for just a day or two. The student must be able to handle continual turnover of guests and must accommodate the needs of people whose life stories may be difficult to hear. We constantly remind our volunteers that they must be willing to be inconvenienced for the sake of the poor. Please visit our website for more information about our history, mission, and philosophy at: www.annunciationhouse.org.

Dates: May 25 - August 3, 2016. This is a 10 week program.

Special Expectations: If interested, please be sure to apply earlier than later since the application process is a bit lengthy. The SSLP applicant who is selected is required to go through our own application process, which includes background checks and a medical reference, including a list of up to date vaccinations. The application can be found on our website: http://annunciationhouse.org/volfaq/application/. The sooner you apply, the better!

The Holy Cross Ministries summer program provides educational classes and recreational activities for participating youth. The focus is to improve reading levels and enhance the learning of the regular school year. Other activities like arts and crafts, dancing, field games, sports, and visits to the library are offered, too. The students serve as counselors who organize academic and reading activities, coordinate arts and crafts, hikes, and other summer activities for the children.

---

CrossOver Health Care Ministry is the largest free clinic in the Commonwealth of Virginia. With 2 locations in metro Richmond, CrossOver serves over 7,000 unique patients and last year provided more than 40,000 patient visits. Virginia has some of the most restrictive eligibility requirements for accessing Medicaid, which leaves many Virginians without access to healthcare. Thus, Virginia registers one of the highest densities of free clinics of any state in the country.

CrossOver serves to help provide access to care for the most vulnerable members of our community, the working poor. CrossOver treats a patient base that includes those who are completely uninsured and who fall below 200% of the federal poverty line. We provide our patients with comprehensive health care, which includes: primary care, 18 specialty care fields, mental health, dental care, ophthalmology, and spiritual care. As a free clinic that receives no federal funding, we are able to offer the wide array of services because of a dedicated group of medical and non-medical volunteers.

The non-medical volunteers at CrossOver provide a vital asset for the organization and serve in many different functions throughout the organization. Non-medical volunteers contribute to running the front office and ensuring all patients are registered for the day and scheduled for any follow up appointments, as well as screening new patients into the organization, tracking patient medical outcomes, and a host of other services. Non-medical volunteers are placed in different parts of the organization depending on their skills and interests, and work closely with their supervisors to craft the volunteer position that meets the needs and interests of both the volunteer and the organization.

L’Arche Noah Sealth offers people with developmental disabilities a family-style living environment that creates real homes, places to develop their talents, to build friendships and quite simply, to make the most of life. The student’s work includes, shopping, cooking, cleaning, dispensing medications, helping with personal care, and offering love and companionship to the caregivers and core members.

**Dates:** 5/23/16-7/15/16, 5/30/16-7/22/16, 6/6/16-7/29/16, 6/13/16-8/5/16, There is flexibility with beginning any day during the week - i.e. not necessarily on a Monday.

**Special Expectations:** The following can be taken after the student arrives:

- Background clearance check - including finger printing. (We recommend not doing an earlier check (i.e. the school's one). It will not suffice for our requirements so would involve unnecessary duplication.)
- TB Test (if student has recent results, this would suffice.)
- CPR / 1st Aid - please bring certification if already taken classes.
- Orientation and Safety - on site.

**Gender Requirement** Both

**Minimum Age Requirement** 19

Housing: At the site

Website: www.nazarethfarm.org

Nazareth Farm is a community of volunteers inspired by the Gospels and Catholic Social Teaching focused on prayer, community, simplicity and service. We are devoted to developing relationships and addressing sub-standard housing through home repair in rural West Virginia. Students are asked to participate in staff meetings, assist with & lead chores as assigned, including work in the garden & household chores, and coordinate work sites as assigned and help maintain and repair buildings and farm grounds. We also take ministry of presence very seriously as we build relationships between staff and members of our wider community.

Mission: COA Youth & Family Centers helps Milwaukee children, teens, and families reach their greatest potential through a continuum of educational, recreational, and social work programs offered through its urban community centers and rural camp facility. As a multicultural agency, COA values diversity and cooperation, and promotes growth and positive social interaction. We offer gluten free, allergy sensitive and vegetarian options.

We operate a summer camp for inner city Milwaukee kids, including 1 and 2 week sessions. We practice positive youth development and through a wide variety of individual and group camp activities. In addition, campers experience and grow in self reliance, independence, communication, leadership and many other areas through camp life!

Housing: With alumni family

Website: www.milwaukeehabitat.org

Milwaukee Habitat for Humanity provides decent, affordable housing opportunities in partnership with those in need. Habitat families work with other volunteers in the rehabilitating or building of their home - putting in 500 partnership hours as a down payment. The student works in the construction and development of the houses and has the responsibility of assuring that the projects run smoothly.

Previous Student(s):
SSLP 2014: Blair Sherry - bsherry@nd.edu - 2016
SSLP 2013: Christopher Sausen - csausen@nd.edu - 2015
The Community Meal Program serves the economically poor by providing noon-time and evening meals. Church groups take turns serving the meals each day, thus providing the opportunity for a variety of faith communities to prepare, serve, and share meals with the people who come to eat. The student assists with meal preparation tasks, serving the meals, and eating with those who come in for the meals. There is lots of interaction throughout the day with a wide diversity of people.

The bike ride from Edgewood to Luke House and back is almost entirely on bike trails separate from the road, so it’s quite safe (about 4 miles each way). There is a bus as well that picks up at Edgewood’s entrance and drops you about 2 blocks from Luke House. In general the area that the student will be living and working in is quite walkable (there are grocery stores right up the street from both Edgewood and Luke House). There are some wonderful people in the Notre Dame Club who are happy to help if you need to be driven somewhere.
