

Paul Peercy,

Dean Emeritus College of Engineering, University of Wisconsin-Madison, USA

Dr. Paul S. Peercy served as Dean of the University of Wisconsin-Madison College of Engineering September 1, 1999, to March 1, 2013. Prior to his appointment as Dean, Peercy was President of SEMI/SEMATECH, a position he assumed in August 1995. Before becoming President of SEMI/SEMATECH, Peercy was Director of Microelectronics and Photonics R&D at Sandia National Laboratories.

With personal research spanning several areas of solid state and materials physics and engineering, he is the author or co-author of more than 180 technical papers and holds two patents.

Peercy is a Member of the National Academy of Engineering and Fellow of the American Association for the Advancement of Science, the American Physical Society, and the Institute of Electrical and Electronic Engineers. He has served as Chair of the ASEE Engineering Deans Council, Member of the Executive Committee and Program Committee of the GEDC, and is Chair of the GEDC 2013 Conference Program Committee. Peercy was Chair of the Physics Section of the AAAS and serves on advisory boards of various Universities and Federally-funded Labs, including Sandia National Labs Research Advisory Board, where he is Chair of Sandia's External Review Panel for Nanodevices and Microsystems. He is Past Councilor of the APS and the MRS, Past Vice President of the MRS and Past Chairman of the Division of Materials Physics of the APS. Peercy currently is on the Board of Directors of three private sector companies.
