

## **Mostafa Sualp,** CEO, AEFIS, Philadelphia, PA, USA

Mostafa Sualp the President and CEO of Philadelphia Based AEFIS LLC. As a serial technology entrepreneur, he established his first business, Untra Corporation, in 1999. He has since nurtured it to a thriving IT consulting firm, generating measurable success through dynamic, shifting conditions and in downturn markets. As a Senior Executive with more than 20 years of diverse Internet and technology management experience, he has proven himself as a competent visionary in establishing IS/IT strategy using strong technical know how, creative design, methodical development, and results-driven implementation skills. He has repeatedly demonstrated effective results in integrating practical process models with solution strategies that scale with technology. Under his leadership, Untra Corporation became one of the SBA's Emerging 200 companies in 2008 and recognized as the 85th fastest growing, privately held company in 2009 within the Philadelphia region by the reputable Philadelphia 100® list, which is published by the Philadelphia Business Journal and the Wharton School of Business at the University of Pennsylvania.

Mr. Sualp started his next venture, AEFIS, in 2008 to provide institutions of higher education a practical software solution to help ease the pains associated with academic assessment and accreditation. He was the original architect of the Assessment, Evaluation, Feedback and Intervention System—AEFIS, which was developed in close collaboration with academic partners at Drexel University, Philadelphia, PA. He later expanded the academic partnerships to include University of Wisconsin at Madison, University of Texas at Dallas, and Anadolu University, Eskisehir, Turkey. Mr. Sualp has spread information about the best practices in effective knowledge management of continuous academic assessment, academic improvement, and accreditation at numerous conferences worldwide. He is also an Accreditation Board for Engineering and Technology, Institute for the Development of Excellence in Assessment Leadership Scholar.
