Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see IPEDS GRS instructions and glossary on the 2002 Web-based survey.

For Bachelor's or Equivalent Programs

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 1996. Include in the cohort those who entered your institution during the summer term preceding fall 1996.

<table>
<thead>
<tr>
<th>Question Description</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initial 1996 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking undergraduate students; total all students:</td>
<td>1,920</td>
</tr>
<tr>
<td>Of the initial 1996 cohort, how many did not persist and did not graduate for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions:</td>
<td>0</td>
</tr>
<tr>
<td>Final 1996 cohort, after adjusting for allowable exclusions: (subtract question B5 from question B4)</td>
<td>1,920</td>
</tr>
<tr>
<td>Of the initial 1996 cohort, how many completed the program in four years or less (by August 31, 2000):</td>
<td>1,698</td>
</tr>
<tr>
<td>Of the initial 1996 cohort, how many completed the program in more than four years but in five years or less (after August 31, 2000 and by August 31, 2001):</td>
<td>112</td>
</tr>
<tr>
<td>Of the initial 1996 cohort, how many completed the program in more than five years but in six years or less (after August 31, 2001 and by August 31, 2002):</td>
<td>11</td>
</tr>
<tr>
<td>Total graduating within six years (sum of questions B7, B8, and B9):</td>
<td>1,821</td>
</tr>
<tr>
<td>Six-year graduation rate for 1996 cohort (question B10 divided by question B6):</td>
<td>95%</td>
</tr>
</tbody>
</table>

For Two-Year Institutions:

<td>Total transfers to four-year institutions:</td>
</tr>
</tbody>
</table>

**Retention Rates**

Report for the cohort of all full-time, first-time bachelor’s (or equivalent) degree-seeking undergraduate students who entered in fall 2001 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

<table>
<thead>
<tr>
<th>B22</th>
<th>For the cohort of all full-time bachelor’s (or equivalent) degree-seeking undergraduate students who entered your institution as freshmen in fall 2001 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in fall 2002?</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>98%</td>
</tr>
</tbody>
</table>
### C. FIRST-TIME, FIRST-YEAR (FRESHMAN) ADMISSION

#### Applications

**C1 First-time, first-year, (freshmen) students:** Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in fall 2002. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

| C1 | Total first-time, first-year (freshman) men who applied | 4,990 |
| C1 | Total first-time, first-year (freshman) women who applied | 4,754 |
| C1 | Total first-time, first-year (freshman) men who were admitted | 1,721 |
| C1 | Total first-time, first-year (freshman) women who were admitted | 1,615 |
| C1 | Total full-time, first-time, first-year (freshman) men who enrolled | 1,004 |
| C1 | Total part-time, first-time, first-year (freshman) men who enrolled | 1,946 |
| C1 | Total full-time, first-time, first-year (freshman) women who enrolled | 942 |
| C1 | Total part-time, first-time, first-year (freshman) women who enrolled | |

#### Freshman wait-listed students (students who met admission requirements but whose final admission was contingent on space availability)

| C2 | Do you have a policy of placing students on a waiting list? | Yes | No |
| C2 | If yes, please answer the questions below for fall 2002 admissions: |
| C2 | Number of qualified applicants placed on waiting list | 715 |
| C2 | Number accepting a place on the waiting list | 477 |
| C2 | Number of wait-listed students admitted | 229 |

#### Admission Requirements

**C3 High school completion requirements**

| C3 | High school diploma is required and GED is accepted |
| C3 | High school diploma is required and GED is not accepted | X |
| C3 | High school diploma or equivalent is not required |

**C4 Does your institution require or recommend a general college-preparatory program for degree-seeking students?**

| C4 | Require |
| C4 | Recommend | X |
| C4 | Neither require nor recommend |
C5  **Distribution of high school units required and/or recommended.** Specify the distribution of academic high school course units required and/or recommended of all or most degree-seeking students using Carnegie units (one unit equals one year of study or its equivalent). If you use a different system for calculating units, please convert.

<table>
<thead>
<tr>
<th></th>

</tbody>
</table>

**Basis for Selection**

C6  Do you have an open admission policy, under which virtually all secondary school graduates or students with GED equivalency diplomas are admitted without regard to academic record, test scores, or other qualifications? If so, check which applies:

- Open admission policy as described above for all students
- Open admission policy as described above for most students, but selective admission to some programs
- other (explain)

C7  **Relative importance of each of the following academic and nonacademic factors in first-time, first-year, degree-seeking (freshman) admission decisions.**

</tbody>
</table>

### C8D Latest date by which SAT II scores must be received for fall-term admission

<table>
<thead>
<tr>
<th></th>
<th>2/1</th>
</tr>
</thead>
<tbody>
<tr>
<td>C8D</td>
<td></td>
</tr>
</tbody>
</table>

### C8D If necessary, use this space to clarify your test policies (e.g., if tests are recommended for some students, or if tests are not required of some students):
**Freshman Profile**

Provide percentages for **ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year (freshman) students** enrolled in fall 2002, including students who began studies during summer, international students/nonresident aliens, and students admitted under special arrangements.

**C9** Percent and number of first-time, first-year (freshman) students enrolled in fall 2002 who submitted national standardized (SAT/ACT) test scores. Include information for **ALL enrolled, degree-seeking, first-time, first-year (freshman) students who submitted test scores**. Do not include partial test scores (e.g., mathematics scores but not verbal for a category of students) or combine other standardized test results (such as TOEFL) in this item. SAT scores should be recentered scores.

The 25th percentile is the score that 25 percent scored at or below; the 75th percentile score is the one that 25 percent scored at or above.

<table>

G. ANNUAL EXPENSES

Provide 2003-2004 academic year costs for the following categories that are applicable to your institution.

☐ Check here if your institution's 2003-2004 academic year costs are not available at this time and provide an approximate date (i.e., month/day) when your institution's final 2003-2004 academic year costs will be available: __________

**Undergraduate full-time tuition, required fees, room and board** List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2003-2004 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.) Do not include optional fees (e.g., parking, laboratory use).

- **PUBLIC INSTITUTIONS Out-of-state:**
- **NONRESIDENT ALIENS:** $1,132.00
## H. FINANCIAL AID

**Aid Awarded to Enrolled Undergraduates**

Enter total dollar amounts **awarded** to full-time and less than full-time degree-seeking undergraduates *(using the same cohort reported in CDS Question B1, “total degree-seeking” undergraduates)* in the following categories. (Note: If the data being reported are final figures for the 2001-2002 academic year (see the next item below), use the 2001-2002 academic year’s CDS Question B1 cohort.) Include aid awarded to international students (i.e., those not qualifying for federal aid). **Aid that is non-need-based but that was used to meet need should be reported in the need-based aid columns.** (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based gift aid” on the last page of the definitions section.)

<table>
<thead>
<tr>
<th>H1</th>
<th>Need-based $</th>

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

I1 Please report number of instructional faculty members in each category for Fall 2002.

The following definition of instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey. Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Institutions are asked to EXCLUDE:
(a) instructional faculty in preclinical and clinical medicine
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status,
(c) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like
(d) faculty on leave without pay, and
(e) replacement faculty for faculty on sabbatical leave.

Full-time: faculty employed on a full-time basis
Part-time: faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Also includes adjuncts and part-time instructors.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaskan native; Asian or Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology.

First-professional: includes the fields of dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), law (JD) and theological professions (MDiv, MHL).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

<table>
<thead>
<tr>

<td>24</td>
</tr>
</tbody>
</table>

I2 Student to Faculty Ratio

Report the Fall 2002 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

| Fall 2002 Student to Faculty ratio | 13:1 |
Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2002 term.

**Class Sections:** A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

**Class Subsections:** A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2002. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

<table>
<thead>
<tr>
