

Homework 10
(due Friday, April 25)

Note that I added some problems to this on Monday April 27

Problems from the handout:

- 8.2: 1, 2, 4ace, 6, 10, 11ad, 12ad, 13, 14, 20
- 8.4: 11, 13, 17, 19
- 8.5: 3, 6, 9, 18 (of course you should employ Stokes Theorem for these).
