Appendix 1: Emergency Action Plan and Certification

Lab Safety, Emergency Action Plan, and Knowledge Certification Forms:

1. Every student will need to sign the following forms found in the B14 Lab Safety and PPE Documentation - Black Binder located in the B14 lab: "PPE - Safety Glasses", "Emergency Action Plan", and "Chemical Spill Kit". When you sign these forms, you are acknowledging that you understand the Safety and Emergency Information provided with each form. Information relevant to Safety and Emergency Procedures is included with this syllabus.

Location of Lab Safety Materials, Equipment, and Information:

1. Lab safety glasses are located on the sink counter near the B14 Lab entrance door.
2. The Chemical Spill Kit, and clean-up equipment, is located in the cabinets under the sink near the B14 Lab entrance door.
3. MSDS (SDS) chemical safety sheets are located in the: B14 Lab safety and PPE Documentation Black Binder, which is on the bookshelf near the Measurement Lab's five work stations.
4. The Safety Eyewash Station is located near the B14 Lab entrance door.

If you have any questions regarding Lab Safety, Emergency Action Plan, Knowledge Certification Forms, please check with your PI or TA
