Little Quiz \#6
Name $\qquad$

Suppose that a number $d$ divides each of two numbers $a$ and $b$ :

1. Does $d$ divide the sum of $a$ and $b$ ?
2. Does $d$ divide the difference of $a$ and $b$ ?
3. Does $d$ divide the product of $a$ and $b$ ?
4. Does $d$ divide the quotient of $a$ and $b$ ?

If answer in any case is "no" then give an example.
If answer is "yes" in any case give an argument if possible.
