

**READ THESE DIRECTIONS CAREFULLY!**

**When you are told to begin, tear off this page and keep it under your test.**

**You will hand in ONLY this answer page.** There are 10 (ten) pages of questions. For each question, mark an X over the one correct answer on this page. **DO NOT CIRCLE answers!** To change an answer, erase completely or black out the wrong answer and mark an X over the correct answer. For example, if (b) is the correct answer, then

(a) (b) (c) (d) (e) will receive full credit

(a) (b) (c) (d) (e) will receive no credit.

You will receive 5 points for each correct answer, and 0 points for each incorrect answer. *Pocket calculators are allowed, but under the University's Honor Code you are pledged to use only the operations of addition, subtraction, multiplication, division, exponents and square roots (NO MATRIX OPERATIONS.)*
