## Math 323

$$
\mathbb{T} \in \mathbb{S} \mathbb{t}
$$

February 7, 1997

The test consists 17 multiple choice questions worth 6 points each for a total of 102 points. Please, check that you have in your booklet this cover sheet, an answer sheet, 3 pages of questions, and 4 empty sheets

After solving the problems, please, enter your answers in the answer sheet by crossing out the correct answer (do not circle them) and return the whole paper.

The answers are rounded to the number of decimal spaces given. You may use calculators to perform arithmetical operation. but may not use advanced programming and/or special statistical features of the calculator.

Math 323
Spring semester 1997
Student's Name: $\qquad$

$$
\mathbb{T} e \mathbb{S} \mathbb{N} \mathbb{N}
$$
