

Math 325
Spring, 2000

ASSIGNMENT 7, due Friday, March 31

Reminder: Project 1 is due Wednesday, April 5.

Read Boyce and DiPrima, Sections 10.1-10.2 and *Differential Equations with Maple*, Chapter 13 (and reread Chapter 12 if necessary).

Do Problem Set F #5,12 in *Ordinary Differential Equations with Maple*. You must use Maple for these problems. For this part of the assignment, you may work in groups, following the same rules as for Assignment 2. If you do work in a group, turn these problems in separately from the rest of the assignment.

Do p. 550 #1,4,5,7-9,11,15.
