

UNIVERSITY OF NOTRE DAME
DEPARTMENT OF MATHEMATICS

MATHEMATICS 325 - DIFFERENTIAL EQUATIONS

FALL SEMESTER 2002

INSTRUCTOR: Prof. Mei-Chi Shaw , Hayes-Healy 244

TEXT: Elementary Differential Equations and Boundary Value Problems by Boyce and di Prima. 7th Edition (John Wiley & Sons Inc.)

HOMEWORK is an important part of this course: this will be regularly collected every Friday, graded and returned. Homework will be worth 100 points.

EXAMS: There will be 3 tests (worth 100 pts. each) and a Final Exam (worth 150 pts.) which will cover the material of the entire course. The tests will take place on the following days:

TEST I	Thursday,	September 19
TEST II	Tuesday,	October 15
TEST III	Thursday,	November 11

The **Final Examination** is scheduled for **December 20**.

Missing a scheduled test without an official excuse will result in a score of zero for that test.

OFFICE HOURS: Friday, 3:00-4:00. p.m. or by appointment.
