January 31, 2017

From: Chris Temple, Assistant Registrar
To: All Deans and Departments

Subject: First review of the 2017-2018 Undergraduate Bulletin of Information

The annually published Undergraduate Bulletin is scheduled for distribution on August 8, 2017 for the next academic year. This communication marks the first of two formal review opportunities prior to publication. An overall production timeline can be found at http://www.registrar.nd.edu/BOI/BOI_dept.php.

Departments should send Bulletin changes from last year’s edition to their dean’s office for approval by Friday, March 3. The deans are asked to forward these materials to the Office of the Registrar in 300 Grace Hall by Friday, March 10. Offices that do not fall within a particular college are invited to send their change requests directly to the Registrar’s Office.

For reference purposes, an archive of recent Bulletins of Information can be found online at http://www.registrar.nd.edu/BOI/BOI.php. A more extensive historical record of University Bulletins can be found at http://archives.nd.edu/bulletin/.

Thank you for your help with this annual revision process.

Respectfully,

Chris Temple
