Dive addresses community hunger
parking lot.

The parking lot is designed to accommodate a large number of vehicles, with ample space for cars, trucks, and buses. The lot is also equipped with lighting and security features to ensure the safety of visitors. Additionally, the parking lot is located near the main entrance of the facility, making it easy for visitors to navigate to different areas of the building.

Overall, the new parking lot is a significant improvement for the building and its visitors, providing a convenient and secure location to park their vehicles.
