CSE 40655 – Technical Aspects of Visual Effects  
Spring 2020

Project 1 resubmission

*Note: this work is optional.*

**Purpose**
For those of you who would like a chance to make changes and improvements to your beverage scene from project 1, you may do so by taking into account the critique and feedback you received during our feedback sessions in class, as well as by making use of what you have learned in class since then.

Note that there is no guarantee that your grade will increase as a result; and if it does increase, it will only be by at most one level.

One thing you can rest assured of though is that your grade will not decrease!

**If you decide to do a resubmission:**

**Preliminaries**
Create a *proj1_resub* folder under your course directory dropbox.

**Deliverables**
Submit your scene (*drink2.mb*) as well as your image (name it *drink2.tif*), and any other related files, to your dropbox’s *proj1_resub* directory.

**Due Date**
Friday 3/20/20, 10 pm
