We are writing to express our support for the 4 to 5 movement and will continue to make a difference. We also applaud the recent efforts of Notre Dame to continue its progress by joining with other colleges and institutions across the country to make the protection, recognition, and treatment of all sexual orientations a priority in our family's official part of our University. We look forward to the day when the Spirit of Inclusion describes not just an aspiration of some, but the reality for all.

We encourage the University to continue its progress by joining with the City of South Bend, our sister college St. Mary's, and other Catholic colleges and institutions across the country to make the protection, recognition, and treatment of all sexual orientations a priority in our family's official part of our University. We look forward to the day when the Spirit of Inclusion describes not just an aspiration of some, but the reality for all.
