Adventures in Philosophy at Notre Dame
Kenneth M. Sayre
“Kenneth Sayre tells the story of the transitions of the philosophy department at Notre Dame with a keen eye for how they illumine transitions in the developments in philosophy, broadly speaking. I think the great achievement of this book is not only its well-crafted history of the Notre Dame philosophy department but also its reminder to us that philosophers are human beings. By bringing to life the extraordinary people who have been associated with the Notre Dame philosophy department, Sayre has written a book that is deeply humane and uplifting.” —Stanley Hauerwas, Gilbert T. The Many Faces of Beauty
Edited by Vittorio Hösle
“In 2012, the Notre Dame Institute for Advanced Study (NDIAS) sponsored “The Many Faces of Beauty” conference, which offered a deep dive into the debate on beauty and aesthetic theory. This collection of 16 essays from prominent artists, scientists, mathematicians and critics features three Notre Dame scholars: The Huisking Professor of Theology Cyril O’Regan, the Rev. Joyce Professor of German Language and Literature Mark Roche, and J. Dudley Andrew ’67.” —Notre Dame Magazine

Human Destinies
Philosophical Essays in Memory of Gerald Hanratty
Edited by Fran O’Rourke
“This is an admirable collection of essays honoring the memory of Gerald Hanratty as an inspiring teacher, admired colleague, and valued friend. It ranges impressively over the history of philosophy from Aristotle to the present. It does so with precise focus on the recurrent perplexities of the human condition. A remarkable tribute, it is full of diverse contributions marked by scholarly and intellectual excellence.” —William Desmond, Katholieke Universiteit Leuven, Belgium, and Villanova University

Simone Weil
Attention to the Real
Robert Chenavier
Translated by Bernard E. Doering
“Robert Chenavier gives us in fewer than one hundred pages a wonderful chronological introduction to Weil’s thought. . . . The book will inspire more writing on Weil’s thought . . . [and] help in the preservation of the important contributions to twentieth century philosophy. This book is highly recommended for all academic libraries.” —Catholic Library World

The Philosophical Dialogue
A Poetics and a Hermeneutics
Vittorio Hösle
Translated by Steven Rendall
“Convincingly translated into English by Steven Rendall, a richly stimulating and documented survey is now made widely accessible. . . . A suggestive and authoritative study. The reader is drawn into the potentialities of dialogue—which may, in turn, define reading itself.” —Times Literary Supplement

Normativity and the Limits of Self-Criticism
Menachem Fisch and Yitzhak Benbaji
“Fisch and Benbaji frame their critique in dialogue with the recent writings of leading contemporary philosophers in a detailed analysis of the character of reason, the problem of relativism, and how to comprehend scientific change more generally. Firmly placed within the context of current debate, the authors provide a thorough evaluation of recent arguments as well as offering an important critique of normative reason in scientific discourse.” —Philosophy in Review

Leibniz’s Mill
A Challenge to Materialism
Charles Landesman
“Landesman’s book constitutes a challenge to materialism. It does this, not by offering conclusive refutations or conclusive proofs, but by presenting a coherent, well-developed view that represents a viable alternative to the prevailing materialism. So regarded, his effort must be judged a success.” —Philosophical Reviews

Ricoeur on Time and Narrative
An Introduction to Temps et récit
William C. Dowling
“. . . strikes just the right balance by providing a succinct and substantive presentation of Ricoeur’s argument in Time and Narrative. . . . Teachers of Ricoeur’s work will appreciate Dowling’s ability to contextualize Ricoeur’s engagement with a wide range of his contemporaries, while scholars are likely to turn to it as a valuable reference point for their own engagements with specific issues in Ricoeur studies.” —Philosophy in Review

The Semantics of Analogy
Rereading Cajetan’s De Nominum Analogia
Joshua P. Hochschild
“In this work, Joshua Hochschild presents the semantic principles of Cajetan’s understanding of analogy, arguing that they should be understood on their own terms and not as a commentary on Aquinas despite the inevitable comparisons between the two thinkers.” —Journal of the History of Philosophy

History of Philosophy

Abelard in Four Dimensions
A Twelfth-Century Philosopher in His Context and Ours
John Marenbon
The Conway Lectures in Medieval Studies
"This searching, thorough, and original study examines Abelard's past, present, and future, and our present. John Marenbon offers the best enquiry yet made into the sequence of Abelard’s writings and their chronology, followed by an incisive and highly illuminating account of the various, successive formulations of his 'unpopular argument' to the effect that God cannot do otherwise than as he does. This is an accomplished work which will be eagerly read and hugely appreciated by students and their teachers on courses of philosophy, theology, and history."
—David Luscombe, University of Sheffield

The Quest of the Absolute
Birth and Decline of European Romanticism
Louis Dupré
"[The Quest of the Absolute] deals with the Romantic movement. Dupré’s impressive account is concerned to restore something of the full dimensionalities to Romanticism as a whole, to acknowledge something of the immense intellectual, political, and spiritual ambitions at work in it, without reneging on a reflective critical relation to it.”
—William Desmond, author of The Intimate Strangeness of Being: Metaphysics after Dialectic

Minding the Modern
Human Agency, Intellectual Traditions, and Responsible Knowledge
Thomas Pfau
"Minding the Modern is comparable to Alasdair Maclntyre’s Whose Justice? Which Rationality? and Charles Taylor’s A Secular Age. With extraordinary erudition, Pfau locates the philosophical developments that contributed to the agony of the modern mind. Moreover, he helps us see why many who exemplify that intellectual stance do not recognize their own despair. Suffice it to say, this is an immensely important book that hopefully will be read widely and across the disciplines.” —Stanley Hauerwas, Gilbert T. Rowe Professor of Theological Ethics, Duke Divinity School

Notre Dame Studies in Medical Ethics

A Defense of Dignity
Creating Life, Destroying Life, and Protecting the Rights of Conscience
Christopher Kaczor
Notre Dame Studies in Medical Ethics
“Although Kaczor’s Roman Catholic perspective on bioethical issues is undisguised, he writes in a nondogmatic style that acknowledges ambiguities and unresolved dilemmas. Thus, the book invites readers to critically examine important issues, whether or not he/she agrees with Kaczor’s philosophical analysis.” —Choice

The Anticipatory Corpse
Medicine, Power, and the Care of the Dying
Jeffrey P. Bishop
“The Anticipatory Corpse has the potential to become a classic in the field of medicine. . . . Bishop's critique of contemporary medical practices and the fundamental philosophical questions underlying them are a stark reminder that the practices of medicine—many of them very good indeed—should not become ends in themselves.” —Ethics and Medicine

A Rich Bioethics
Public Policy, Biotechnology, and the Kass Council
Adam Briggle
“In this book Dr. Briggle provides a sympathetic account of the President’s Council on Bioethics led by Dr. Leon Kass. He shows the wisdom of the approach to bioethics taken by the Kass Council and corrects the unfair and often nasty attacks on the Council and Dr. Kass himself. It is a persuasive and thoughtful reconstruction of the Council’s goals and rationale.” —Law & Medicine

Human Dignity and Bioethics
Edited by Edmund D. Pellegrino, Adam Schulman, and Thomas W. Merrill
“The anthology Human Dignity and Bioethics presents a collection of papers originally published by the US-American President’s Council on Bioethics ‘in response to questions about the Council’s use of the term human dignity.’ It provides an extremely helpful and illuminating survey of different understandings of ‘human dignity’ and their consequences for bioethics.” —Studies in Christian Ethics

The Philosophy of Medicine Reborn
A Pellegrino Reader
Edmund D. Pellegrino
Edited by H. Tristram Engelhardt, Jr., and Fabrice Jotterand
“This remarkable book summarizes Edmund Pellegrino’s writings by extracting several meaningful essays from his voluminous bibliography. These point to the dearth of humanities requirements for medical training and highlight the poverty of ethical considerations in medical decision-making.” —Journal of American Medical Association

What Happened in and to Moral Philosophy in the Twentieth Century? Philosophical Essays in Honor of Alasdair MacIntyre
Edited by Fran O’Rourke
“This is a wide-ranging collection of articles, written by some of the most interesting and significant figures in contemporary philosophy. The authors discuss MacIntyre’s thought from the very earliest days to the present time, and they cover both themes in his work (Marxism, Emotivism, Thomism) and detailed interpretations of it. MacIntyre offers an Epilogue which is characteristically sensitive and nuanced. No one with an interest in MacIntyre or recent moral philosophy will wish to be without a copy of this excellent collection.” —Sue Mendus, Morrell Professor Emerita of Political Philosophy, University of York

Natural Right and Political Philosophy Essays in Honor of Catherine Zuckert and Michael Zuckert
Edited by Ann Ward and Lee Ward
“In this collection compiled in honor of Catherine and Michael Zuckert, the contributors address a wonderful variety of serious issues in important literary and philosophic texts. Their topics range from Plato on piety to Stoppard on socialist utopianism, and from Aristotle and Augustine to Euripides, Locke, Hegel, Shakespeare, and Booker T. Washington. The volume stands as an impressive introduction to the liberal arts and a lively introduction to many great issues of liberalism, Christianity, justice, and liberty; it is also a tribute to the Zuckerts’ breadth of study, teaching, and influence.” —Robert K. Faulkner, Boston College

Reason, Tradition, and the Good MacIntyre’s Tradition-Constituted Reason and Frankfurt School Critical Theory
Jeffery L. Nicholas
“In this impressive and ambitious book Jeffery Nicholas argues that modernity is ‘infected’ by a conception of reason that has been stripped of its ability to raise ethical questions and to discuss important moral issues. For Nicholas, the trouble is not simply that we refuse to examine the policies and positions of our own society or of other cultures. It is rather that even when we do engage in evaluation and critique, our critiques inevitably come up short.” —International Philosophical Quarterly

Rawlsian Political Analysis Rethinking the Microfoundations of Social Science
Paul Clements
“John Rawls’s writings on justice, political liberalism, and international justice have had an enormous influence on contemporary political theory and law. Clements has now appropriated Rawls to serve as the micro-foundation of the social sciences generally.” —Choice

Cicero’s Practical Philosophy Edited by Walter Nicgorski
“The volume . . . should appeal to anyone who is interested in Cicero’s philosophical writings (and perhaps to some who are interested primarily in Cicero as an orator and statesman). The book’s miscellaneous character is not a weakness; if anything, it rather demonstrates that Ciceronian studies are currently in a state of healthy ferment.” —Notre Dame Philosophical Reviews

Courage The Politics of Life and Limb
Richard Avramenko
“Courage has come into disrepute, most often on display as the last refuge of nostalgics, reactionaries, and jingoists. This book is a welcome reminder, and a compelling demonstration, that courage is too powerful and too useful to leave to them.” —Bryn Mawr Classical Review

Philosophy of Religion

A Philosophy of the Unsayable
William Franke
“William Franke is an articulate spokesman for what cannot be said not only with regards to modern European poetry but also with respect to contemporary theology. A Philosophy of the Unsayable is essential reading for everyone working in religion and literature and in modern theology.” —Kevin Hart, Edwin B. Kyle Professor of Christian Studies, University of Virginia

Rene Girard and Secular Modernity
Christ, Culture, and Crisis
Scott Cowdell
“More than any other study devoted to Girard, Cowdell incorporates Girard’s more recent writings and interviews into a total picture of mimetic theory and brings it into conversation with modern secularism. . . . Cowdell’s book deserves a place among the pantheon of works that show the importance of mimetic theory for Christian theology.” —Theological Studies

God as Reason
Essays in Philosophical Theology
Vittorio Hösle
“God as Reason makes a powerful contribution to the task of the philosophical assessment of religion and theology, and indeed to the task of arriving at a philosophically defensible account of God. Vittorio Hösle here addresses key questions concerning teleology in nature, theodicy, freedom and determinism, and the mind-body problem in essays of exemplary clarity and economy of expression that are equally informed by the full breadth of the philosophical tradition of the West and by the most important contemporary developments in both philosophy and the natural sciences.” —Jennifer A. Herdt, Yale Divinity School

The Persistence of the Sacred in Modern Thought
Edited by Chris L. Firestone and Nathan A. Jacobs
A Choice Outstanding Academic Title for 2013
“Certainly . . . the authors of The Persistence of the Sacred in Modern Thought make a useful and original contribution by correcting willful or innocent misunderstandings of the role of God in modern philosophy and by pointing to the need for contemporary scholars to be more aware of their own historical and cultural presuppositions in approaching texts from the past.” —Philosophy in Review

Trust of People, Words, and God
A Route for Philosophy of Religion
Joseph J. Godfrey

"Joseph Godfrey offers something unique in this extensive work. . . . [He] focuses on what trusting well looks like rather than advocating which religion or what God is truly worthy of trust. . . . Trust of People, Words, and God is a mature work, demonstrating years of thought and research. It is a necessary work for anyone interested in the concept of trust, regardless of religious affiliation." —Philosophy in Review

Christianity and Secular Reason
Classical Themes and Modern Developments
Edited by Jeffrey Bloechl

Thresholds in Philosophy and Theology
"This book features nine essays exploring shifting relations between Christianity and secular rationality. Introduced by editor Bloechl (Boston College), the essays are written by prominent American philosophers and theologians working in the Catholic tradition. . . . The essays are deeply conversant with a broad range of scholarly literature and will be of interest to serious students and scholars." —Choice

Aspiring to Fullness in a Secular Age
Essays on Religion and Theology in the Work of Charles Taylor
Edited by Carlos D. Colorado and Justin D. Klassen

“The authors of this volume investigate the subtle interactions in Taylor’s thought between authenticity and pluralism, humanism and apocalypticism, suffering and kenosis, and much more. The diversity and acuity of the authors gathered here ensure a lively argument that will interest anyone concerned with questions of religion and secularity.” —William T. Prophets of the Posthuman
American Fiction, Biotechnology, and the Ethics of Personhood
Christina Bieber Lake

“Prophets of the Posthuman ought to be heeded as a humane and Christian counter-witness to the powerful forces of consumerism and scientific positivism that threaten to dominate the cultural landscape, especially where matters of healthcare are concerned. To my mind, this book is best suited to ethics classes and to general readers concerned about the implications of biotechnology.” —John Sykes, Wingate University

Analogia Entis
On the Analogy of Being, Metaphysics, and the Act of Faith
Steven A. Long

“Analogia Entis is a major strategic contribution to the practice of contemporary Thomistic thought and bears numerous crucial implications for philosophy and theology generally. Long’s chief speculative claims are well argued and penetrating. . . . [He] lays the groundwork for robustly conceptual and realist philosophy of God and theology of God.” —American Catholic Philosophical Quarterly

Intractable Disputes about the Natural Law
Alasdair Maclntyre and Critics
Edited by Lawrence S. Cunningham

“This book is more important than its title suggests. For it is not so much a book about intractable disputes about natural law, but how contemporary natural law theory might help us explain, respond to and even help solve the intractable moral disputes that are wrenching the social and political fabric of the United States, growing in post-Christian Europe, and constraining the opportunities for global collaboration based on ethical norms rather than self-interest or power.” —Studies in Christian Ethics

- Visit our website and use sale code “NDP14” to receive the special discount. In the shopping cart, enter the code, click “update,” and the discount price will appear.
- Call (800) 621-2736 (Mention sale code “NDP14”)

Discount valid through August 31, 2014. Limited stock, so order early.

### E-books (Adobe Digital PDFs) from the University of Notre Dame Press

Select titles from the University of Notre Dame Press are available in electronic format from our website undpress.nd.edu. Download digital pdfs directly to your computer or handheld device with Adobe Digital Editions software, a free download from Adobe available for PC and Mac, as well as for e-book devices such as the Barnes & Noble Nook, the Kobo eReader, the Sony E-reader, and other devices. Third-party apps are available for reading Adobe Digital Editions on Apple devices; we recommend the Bluefire reader for the iPad. (Please note that some devices, including Amazon’s Kindle, are locked to their own stores and will not be able to load digital pdfs purchased from our site at this time.)
